

Sealed Bid for Awning/Lean To Screw Press

FVUC is accepting sealed bids for an Awning/Lean to Covered Extension. The awning is required to support a minimum of 2600 lbs. wet weight of the conveyer. There will be a 6" concrete slab already poured to support the awning. Drawings of the awning and conveyer with specs are available on our website at www.fvutil.com. The awning will need to support the height and design of the conveyer. Direct questions to Keith Spillers-478-825-7701 Ext.217 or Parker Reed- 478-825-7701 Ext 297.

Submit sealed bids before September 27 ,2023, at 2:00 PM at:
